Subject: Re: Bockstruck Recording

Hello Tony,

Thank you for your patience. I heard back from my colleague after forwarding your request to them and we grant the Dallas Genealogical Society permission to put a link to the recording of Lloyd Bockstruck's presentation titled "*Sources & Services at Public & Academic Libraries in the South & Southwest*" (SLC-T6), presented at the 1985 National Genealogical Society Fifth Annual Conference, held in Salt Lake City, Utah, August 6–9, 1985 and putting it on the web page devoted to Lloyd that's on the society's site and making it available to researchers.

Sincerely,

Susan

Dear NGS,

The Dallas Genealogical Society recently received a digitized recording of a presentation by Lloyd DeWitt Bockstruck titled "*Sources & Services at Public & Academic Libraries in the South & Southwest*" (SLC-T6), presented at the 1985 National Genealogical Society Fifth Annual Conference, held in Salt Lake City, Utah, August 6–9, 1985.

Lloyd had an extraordinary and lasting influence on the Dallas Genealogical Society and on the genealogical community in Dallas. In recognition of his many contributions, DGS maintains a page on our website devoted to the Lloyd DeWitt Bockstruck Papers and related materials (<https://dallasgenealogy.org/bockstruck-papers/>).

We would very much like to make this recording available to researchers by adding a link to it from that page. Before doing so, however, we want to ensure that we have the appropriate permission from the National Genealogical Society.

Would NGS grant the Dallas Genealogical Society permission to provide public access to this digitized recording through our website? If there are any conditions, attribution requirements, or other restrictions associated with such permission, we would be happy to comply with them.

Thank you for considering our request and for helping us preserve and make accessible this piece of Lloyd Bockstruck's remarkable genealogical legacy.

Best regards,

Tony Hanson
