

DALLAS GENEALOGICAL SOCIETY
EXPLORE YOUR FAMILY HISTORY WITH US

German Genealogy Group

The focus of this group is migrants who immigrated from German-speaking areas of Europe to various parts of the US from the 1700s to the 1900s. Knowledge of the German language is not required: Our goal is to help guide your research in locating records and provide resources for translating the records. The group is a special interest group of the Dallas Genealogical Society and is freely open to all.

Meetings will be broadcast via the internet!
You can participate from anywhere!
