THE WAR OF 1812 MICROFILM PROJECT: Response to this project has been good and each donation no matter the amount is sincerely appreciated by the Society.

****If you are a member of a Hereditary Society as well as DGS, how about approaching them regarding support of such DGS projects? This would be a two-fold benefit for the non-profit hereditary organizations and DGS as all donations and contributions are TAX DEDUCTABLE. Even non-profit groups must find uses for their funds that meet IRS guidelines.**

In the same vein, corporations, like our good benefactor, Atlantic Richfield, have grant programs that could aid the microfilm project or other DGS endeavors. Do you know of any such programs that could benefit DGS projects? Please let us know about them!!
