PRESIDENT'S COLUMN

Liz Kutz

Wow, have we reached the lazy days of summer! When you receive this we should be having a Summer Institute, with our own Patricia Law Hatcher and Lloyd de Witt Bockstruck speaking on the subject "Land and Court – Special Topics", which will help complete your genealogical education.

Earlier in the year, your board voted to have four large newsletters a year. In the examination of the Bylaws, we discovered that our "founding fathers" defined the DGS newsletter as the communication between the Society and its members. So we have modified our earlier Newsletter schedule to four large newsletters and at least four small newsletters a year. This is the first large newsletter under that change. We are trying to be very efficient with your membership dollars. We have had several postage and paper cost increases over the last few years. Soon we will be able to put the newsletter on the web, and you will be able to help the Society save mailing costs by electing to download your Newsletter. You will be notified when that becomes a possibility.

Have you been to the library lately? The microfiche project led by Shirley Sloat is proceeding very well, and new microfiche for most states is being processed. We expect to complete this project this year. We are constantly trying to make the Dallas Public Library a better genealogical library.

Have you considered going on the Salt Lake Trip? This year the group will stay at the Plaza Hotel right across from the Family History Library in Salt Lake. Whatever you are researching, you can do it in-depth there. We

always have fun as a group. Novice researchers can schedule a session with Janet Khashab and/or me on how to prepare for your first trip there, probably about the first week of August. If this is your first trip to Salt Lake, please circle that you are a first-timer. That will flag us that we need to get with you to give some direction on how to prepare. If you would like more information, go to the website www.dallasgenealogy.org, Salt Lake City; or contact Janet Khashab at education@dallasgenealogy.org or Elizabeth Kutz at president@dallasgenealogy.org.

Have you taken a vacation yet this summer? If not, how about a "staycation"? With all the new information in the genealogical section of the Dallas Public Library, there is a lot to look at and research right here!

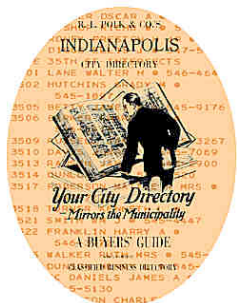

Your ancestors are calling!

City Directories

By Shirley Sloat

Did you realize how valuable a city or county directory could be to your genealogical research? Particularly for a “brick wall” situation, locating an ancestor in a dated directory can pinpoint your ancestor at a specific place and time, and signal you to look for other records in that location.

I recently discovered an extremely useful book in our Dallas Public Library Genealogy Section that is a bibliography of all known American directories from colonial times to 1860.* The publication by the American Antiquarian Society includes 1,647 entries of directories published in the United States. Data includes for each directory the published date, title, source information, printer, issue date, identification of libraries holding the directory, and some comments about its contents.

The good news is that the contents of all known city directories up to 1861 were issued on microfiche. Even better news is that our library bought the full set of microfiche. Per Lloyd Bockstruck, “The project was so successful that the publisher followed it with another segment of years followed by still more segments. When we had the one effort to obtain a grant, we added the first segment to 1881 or thereabouts. Although we were unable to afford the smaller towns, from the second segment we selected some large cities such as New York, Chicago and St. Louis from 1881 to 1900.”

My suggestion to every Dallas researcher is to consult this bibliography to see if any of the

localities you are researching had any directories published. If so, obviously you’d like to access the fiche. For a single state/county location, you can simply utilize the card file on the 8th floor, looking in the file for directories in either fiche, film or book format.

Our current DGS fiche project, identifying and funding permanent loan to DPL of fiche from the LDS church’s Family History Library, offers the opportunity of acquiring some directories that were not purchased by the grant several years ago, as well as other items in fiche format. Donations for this effort can be marked ‘fiche project and mailed to the DGS P.O. Box 12446.

**Bibliography of American Directories Through 1860*, by Dorothea N. Spears, published in 1961 by The American Antiquarian Society, Worcester, Mass.; [located in the U.S. Section on the 8th floor, Call Number 016.9183 S7418]

Also of interest:

City Directories of the United States, 1860-1901, A Guide to the Microfilm Collection, published in 1983 by Research Publications, 12 Lunar Drive, Woodbridge, CT 06525; [located in the U.S. Section on the 8th floor, Call Number 016.9173 C581] – note: this includes both film and fiche media for major cities.

Due to vacations most of the the SIGs have taken the summer off, and will resume in September.

DPL'S 8th FLOOR VOLUNTEER DESK

Becoming a volunteer is a great way to get involved and meet others. We encourage those of you who may be just starting out in your family research to volunteer a few hours a week or a few hours a month. This is a wonderful opportunity to become familiar with the genealogy section of the library and spend some time greeting visitors and meeting fellow researchers. And a fantastic perk is free parking!

Volunteers are needed to sit at the desk in either a regular weekly slot or to fill in on the substitute list. We are looking for individuals to fill in when a regular volunteer is out. If you're interested, email the Volunteer Coordinator at Volunteer@dallasgenealogy.com or call Patrick McKinney at 214-522-9356.
