I just learned of your organization this past week. I am working on the family history of my husband's family and I desperately need some help.

I am working on the HAUGHT families that located in the Mesquite-Lawson area approximately 1845 and perhaps some still reside there today.

In particular, I am looking for the family of Peter Haught and Sarah Carver. Until 2 weeks ago, I only had a record of five children being born in this union. Currently, I have eight.

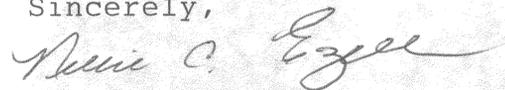

I understand there is a Family Cemetary for the Haughts located on the farm of Virvil Sharpe on Shannon Loop and Lawson Road.

I am inquiring to see if anyone from your organization has perhaps made a record on the graves in this cemetary? If so, would it be possible for me to buy a copy of this record.

Also, I understand your organization has a quarterly in print and I would be interested in knowing the cost for this.

Any information you can be to me in these matters, would be greatly appreciated.

Sincerely,

Nellie C. Ezell

Enclosed please find a SASE, for your convenience. Thanks again.

Note: It is my understanding that Peter Haught, son of Peter and Sarah died and is buried in the Mesquite Cemetary, Is there some record of this in your files, dates, etc.
